

Match 7 Lucks Lane Match Lake 11th June 2023

We thankfully have a very good understanding with the owners of this lake and they managed to squeeze us in at short notice. We had the right hand side and top end for this match which was the opposite side from our last match here when Mason and Terry blitzed everyone.

This time it was only Mason who really came to terms and weighed in 140lb + to win the day.

This he did from the less fancied peg on the top bank between myself (60lb) and Bob E(80lb).

We did manage 2nd & 3rd but were nowhere near the “superstar”.....

Only real story of catastrophe on the day was Bob`s all singing and all dancing go anywhere electric buggy.....it broke.

This is probably his 3rd or 4th trolley this year and if anyone needs any consumer advice on these products I am sure he will be more than willing to let you know which ones to avoid.

It has also been a few quiet weeks from Mason`s dad.

Ian usually gives me several things to write about but recently he has been having trouble free fishing days – except for being thrashed by his son and hearing about it all the way home..... am sure he is due for some success soon.

Reminder to everyone that our next match is in 2 weeks time on 25th June at Lake 5 at Orchard Place Farm.

This is can be a very prolific venue so please ensure you have enough nets.....

Again, please let myself or Ross know if you are going.

See you all then – stay safe ATB

Dave
