

Match 4 Chart, 13th April 2024

10 out for this match and weather again good for us – rained very lightly for about 20 seconds but rest of day was a lovely warmish spring day.

Some members out for dog-sitting, sickness or work - NO tyre blowouts which was good news.

Weights were pretty good but not to the once giddy height of the 3/400 lb we used to get. Some better quality fish here but just don't seem to be in the numbers they used to be. We were given the whole lake by the owner (Thanks) and used the other side as well as the usual pegs we have.

Winner(again) – Mason – had just over 140lb and runner up Bob Edwards with 122lb. Very unlucky for him as he had the Golden Peg as well....

3rd was the “in-form” Keith Meager with 115lb.

In total there were 4 x 100+ bags and everyone else had over 50lb – not a bad days fishing.....

Guest for the day was ex-member, Paul “chummer” Veal who was back in the UK from his new home in Malta for family reasons – knowing why he is here, all our thoughts and best wishes go out to him and his family – was good to see you mate...

“Daddy” Harvey had 68lb this week not even catching half of juniors weight.

He is even wanting Dave Ford to payout his £1 for beating him this and last week..... bit cheeky if you ask me as Dave wasn't even fishing.

Lengths some people go to win....!!!!

Next venue is Orchard Place Farm – Lake 6 on 27th April – the week after Easter.

Anyone NOT going please contact myself or Ross.

Captain Fordy will probably in attendance and resuming the Captains duties

Big Thanks to the “Harvey's” for standing in and to all the other members that helped while myself, Ross and Dave were not there.....

Hope everyone and their families have a safe and Happy Easter.

ATB

Dave
